Ten Pin Tips—

By Joe Norris

(This is the third of a series of lessons by Joe Norris, only bowler named to the All-American team eight consecutive times. Norris also has been a member of the world's match game team champions and the ABC and international team champions.)

FIRST STEP

Take care in beginning your approach to the foul line that you do not take too long a stride on the first step. Instead, take a short step, pushing the ball outwards and away from your body with a smooth easy motion. The successive steps become increasingly longer as you glide to the foul line.

Since I employ a five-step delivery, I begin, of course, on the left foot. Those using a four-step delivery should begin with the right foot, again taking care that the first stride be fairly short.

WHITLOW - WEAKLEY

The home of Mr. and Mrs. W. A. Weakley was the scene of the wedding Friday afternoon at 4:30 of their daughter, Dorcas to Malan Lee Whitlow, of Red House. The ceremony was performed by the Rev. D. M. Spence and took place before an open fire in the living room, which was decorated with native greens, white carnations and snapdragons and white candles. Guests were members of the immediate families of the bride and groom. Miss Louise Spence at the piano played Lohengrin's wedding march.

The bride, who was given in marriage by her father, wore a white wool dress trimmed in rhinestones with low neck line and long sleeves. Her flowers were orchids. Miss Faye Weakley was her sister's bridesmaid and wore turquoise blue with yellow roses. Wayne Whitlow was his brother's best man.

A reception and buffet supper was given at the home of the groom's parents, Mr. and Mrs. H. E. Whitlow of Red House at six o'clock. The dining room was decorated with white flowers and candles in silver candelabra.

The bride is a graduate of Appomattox High School and Lynchburg Hospital School of Nursing, and the groom is a veteran of World War II and is employed in Washington, D. C., where the couple will live.

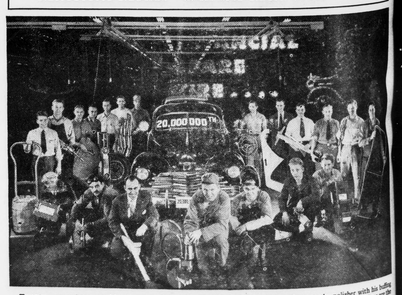
"Milestone Model" and the Men Who Made It



Twenty men whose combined crafts and skills are representative of the myriad trades contributing to production of a motor vehicle, pose at Flint, Mich., with a "milestone model"—the 20,000,000th unit produced by Chevrolet in its 35-year history. From the engineer with his designs and blueprints, to the polisher with his buffing tool, from the chemist to the hooded welder, these are the men who keep the nation's traffic arteries humming. Despite production difficulties, Chevrolet has produced its latest million cars and trucks in almost exactly a year.

NOTICE
TO THE TAXPAYERS OF APPOMATTOX COUNTY

The Board of Supervisors of Appomattox County, will hold its regular meeting in January 1948, on Jan. 14, at 10:00 a. m. at the Court House, at which time it will be glad to hear and have the views of the taxpayers on the matter of the proposed additional class rooms, Gymnasium, etc., at the Appomattox High School, and the same at the Concord, Carver High School, which the School Authorities deem is now and will be necessary in the near future, the total cost of which, with necessary equipment, it is estimated will be approximately $480,000.00. To finance the yearly payments on this expenditure, over a period of 20 years, and maintain the present school budget, it is estimated will necessitate raising the Tax $1.00 on the $100.00 worth of property, making the total rate for the county $2.65 instead of the present rate of $1.65.

The Board would like to have any and all taxpayers express their views in regard to this matter.

IN MEMORIAM

In Memory of Thomas A. Doss.
An aching heart, a falling tear,
Marks the passing of another year.
When the shadows are falling,
And I am alone,
In my heart there is a longing,
If you could only come home.

Three years have gone by,
I loo.e for you, yet I know in vain,
My daily prayer to God above is
That I shall meet you again.

I pray and know that you are in that
Heavenly Home on high,
And I am hoping to meet you there,
In that sweet bye and bye.
—Missed by Wife and Children.
